

ABOUT K.C.'S WHEEL

■ **Kelso's Choice: Conflict Management Leader's Guide** underwent a major revision for the 4th Edition. The curriculum is now comprised of two sections: grades K - 3 and grades 4 - 5. The same core concepts and philosophy are taught in both sections with slight differences to reflect the higher developmental and maturity levels.

A conflict management wheel has been specifically designed for the older 4th and 5th grade students.

This new wheel is named "K.C.'s Wheel" after "Kelso's Choice Wheel."

■ DEVELOPMENTALLY APPROPRIATE CHANGES:

- "Share and Take Turns" no longer appears on the wheel since upper elementary students have generally mastered the skill.
- Vocabulary of "small" and "BIG" problems has been changed to "minor" and "SERIOUS."
- The concept of "Verbal" and "Nonverbal" resolution strategies is introduced.
- The Kelso the Frog graphics are revised to reflect actual photographs of 4th and 5th grade students.
